THE QUESTION BEHIND MIKE'S WORK

How do humans make better decisions when the world—and the technology around them—keeps changing?

FEATURED KEYNOTES & WORKSHOPS

WHO DECIDES?

Redesigning Work for the Age of Human + AI

AI is moving from tool to teammate to decision-maker. Mike gives leaders a practical Human + AI Decision Architecture to clarify what AI should inform, recommend or act on—and where human judgment, accountability and escalation must remain.

THE HUMAN ADVANTAGE

How to Lead, Decide & Stay Human in an AI-Accelerated World

As machines become more capable, distinctly human capability becomes more valuable. Drawing from *Human 10.0™* and *The Rise of Humanness in the Age of AI*, Mike shows audiences how to strengthen clarity, resilience, judgment and courage under pressure.

WHAT'S NEXT?

Clarity, Decisions & Direction When the Old Answers No Longer Work

For leaders at an inflection point. This highly practical session helps audiences separate signal from noise, identify the decision that actually matters, challenge inherited assumptions and move forward with clarity and confidence.

VUCA MAX™

The Secret to Leading in the 21st Century

A high-energy framework for turning volatility, uncertainty, complexity and ambiguity into better leadership. Audiences learn practical tools to regulate reaction, reframe pressure, improve decision quality and convert disruption into forward movement.
